From

Office of the District Forest Officer,
Chatrapur Division, Chatrapur.
Dated Chatrapur, the 24th January, 1938.

R. Jahan, Esq., I.F.S.,
District Forest Officer,
Chatrapur Division.

The Conservator of Forests,
O R I S S A,
Anand.

Subject:- Stores - purchase during 1937-38 for
Chatrapur Division.

In your memo No.5861/1F-21/37 dated 23-12-37 an amount of Rs.205/- was sanctioned for a Safe for District Forest Officer, Chatrapur. Mr. Hart wrote to me to purchase Safe/ Type No.5 - 36" x 27" x 24" from Imperial Safe Manufacturing Co., Calcutta. So I placed the order with them, and got a copy of their catalogue. In reply the company states that 205/- is their ex-godown price, and so packing and delivery charges to Howrah, and Rly. freight to Chatrapur has to be borne by me. The weight of the above safe is 10 maunds, while the Rly. freight by Goods Train from Howrah to Chatrapur is Rs.1-13-8 per maund. So the total charges F.O.R. Chatrapur including insurance may amount to Rs.225/- I request to be informed whether I can incur these charges in addition to 205/- sanctioned by you, or I should order a smaller safe of the same type. Type No.5 safe -30" x 23" x 22" is quoted by the company for Rs.165/-.

In your Memo No.351 and 356/1F/38 dated 22-1-38 you have authorised me to purchase 4 safes for the Range Officers at Rs.105/- each. This is the price of the smallest safe of type No.5 viz 24" x 20" x 19". As the weight of this safe is 5 maunds, so the total charges F.O.R. Chatrapur for 4 safes will be about Rs.40/-. So I request that this amount may also be sanctioned in addition to (4 x 105 =420) sanctioned in the above reference.

NOTES.

EDUCATION DEPARTMENT.

FOREST.

FILE NO. F.—33 OF 1941.

Change of nomenclature of Chatrapur and Russelkonda Divisions.

[No. 1.] Letter No. 7286, dated the 26th December 1940, from the Conservator of Forests, Orissa.

As Government have decided to declare Russelkonda the headquarters of the Chatrapur Division which had been named after its headquarters station, the nomenclature of the division may be changed. This division cannot be named after its new headquarters since there is already a Russelkonda Division and this may give rise to confusion. The Conservator of Forests does not recommend that the two divisions should be called "Russelkonda North" and "Russelkonda South" as these names will not be permanently suitable and may lead to some confusion.

For the reasons stated by Conservator of Forests the nomenclature of the Russelkonda Division may also be changed and the Russelkonda and Chatrapur Divisions may be renamed as "Ghumsur North" and "Ghumsur South" respectively.

B. R.—18-12-1941.

D. P.—20-12-1941.

The proposals of the Conservator of Forests regarding change of nomenclature of the Russelkonda and Chatrapur Forest Divisions may be approved by Government.

Subject:- Introduction of System of Local
Audit in forest divisions.

Sir,

I have the honour to state, that the System of Local audit of forest accounts is in vogue in Ganjam and Parlakimedi divisions and it is understood that this System has also been introduced in Bengal and the United Provinces. At the Bihar and Orissa Forest Officers conference held at Ranchi in 1930 it was recommended that the system of local audit should be introduced in some divisions. This system has much to commend it and I recommend that it be introduced in other Orissa divisions.

I have the honour to be,

[No 21]

Dated Angul, the 31/7/1940.

Subject:-Sale of coupes of 1938-39 of Chatrapur
Division - Writing off of irrecoverable
revenue.

Sir,

I have the honour to state that one Haribandhu Khadanga of Sadasiyapur purchased 545 wind fallen trees in Chatrapur Division for Rs.1635/- He failed to pay the purchase price in instalments set forth in the agreement which is enclosed herewith in original for reference. The trees were resold and fetched only Rs.817-8-0. Thus the Department had to incur a loss amounting to Rs.729-13-1 as per calculation given below:-

Purchase price. Rs.1635/-

Add interest on the above. . 82-5-1

Total. Rs.1717-5-1

Less amount got by resale:-

-817-8-0

" Security deposit
forfeited to Govern-
ment under Clause 16
of agreement. -170-0-0

- 987-8-0

Irrecoverable balance. Rs. 729-13-1

The Revenue Divisional Officer, Ghumsur was requested to realise the amount as arrear revenue. It is reported by him that it is not possible to recover anything from the contractor Haribandhu Khadanga as he has no property of his own.

In the circumstances I would request that sanction of Government may be accorded to write off the irrecoverable balance.

8) 9)

balance of Rs.729-13-1 outstanding against the contractor.
