

LEE Siew Wei
LEUNG Yat Fai, Andy
(Editors)

Proceedings of
The HKIE Geotechnical Division 43rd Annual
Seminar: Towards a Smart-Green-Resilient Geo-
Future for World-class City
GDAS2023 (19th May 2023)

Organized by
Geotechnical Division, The Hong Kong Institution of Engineers

Published by
AIJR Publisher, Dhaurahra, Balrampur, India 271604

Table of Contents

Disclaimer	i
Foreword	v
About the Seminar	vi
Peer review Statement.....	vii
Mechanical Method for Turning Hong Kong Soils into Construction Materials Including Sand <i>Z.Q. Yue</i>	1
BIM Application in Geotechnical Works for Master planning and Construction Monitoring <i>Penny KC Choy, Terrence YK Tse, Ricky HT Wong</i>	12
Recent Developments of Drilling Techniques for Construction of Foundation Works <i>Jukka Ahonen, Victor Li</i>	19
Machine Learning-Based Cone Penetration Test (CPT) Data Interpretation <i>Boyu Wang, Kelvin Tse, Clifford Phung</i>	32
A Complete Digital Solution to Site Formation, ELS System and Foundations Design <i>Keith Leung, Simon Lam, Derek So, Jasper Lee, Allen Tao, Ryan Yan</i>	42
Smart Logging – An Innovative Approach for Generation of Digital Subsurface Data <i>Anthony C.T. So, Louis N.Y. Wong, Tony Y.K. Ho</i>	55
Effects of Soil-Structure Interaction on Wall Deflections and Surface Settlements During Deep Excavations <i>L.W. Wong</i>	63
Performance of Buttress Wall in a Deep Excavation in Soft Ground <i>L.W. Wong</i>	78
Deep Cement Mixing (DCM) Method for Reclamation of Tung Chung East Reclamation – Construction Aspects <i>M.S. Kang, K. W. Cheung</i>	94
Unconventional Excavation and Lateral Support System near Seashore in Lamma Power Station Extension <i>K.T. Hung, John Lai, Michael W.L. Ng</i>	109
A Recent Case Study of Portal Cavern Design <i>J. Chin, D. Shut, N. Wang, P. Wu</i>	123
Digitalization, Modularisation and Sensors Application of a Deep Excavation Project in Urban District of Hong Kong <i>Gavin SH Toh, John Latter, Alan WL Wan, Dennis TS Ho, Elaine CL Chan</i>	134
A Technical Overview of Contract No. 3801 APM and BHS Tunnels on Existing Airport Island: Jacked Box Tunnels under AEL <i>Ilias Tsaparas, R.B. Cook, Ch. Venetz, G. Lee, K CK Chiang, V YN Wu, Tommy KY Leung, Joe YC Sam</i>	147
Machine Learning-Powered Landslide Forecasting: From Initiation to Mobility <i>Te Xiao, Li-Min Zhang</i>	166
Review of Analytical Methods and Recent Advancement in Slope Stability Analyses <i>S.A. Faizi, U. Majeed, R. Tse, C. Matthews</i>	179
Advancement in Geotechnical Practice for Smarter and Greener Projects Delivery <i>Sammy PY CHEUNG, Lawrence KW SHUM, Raymond CH KOO</i>	192

Exploratory Study of using Artificial Intelligence for Landslide Predictions <i>R.W.M. Cheung, H.W.M. Li, E.K.H. Chu</i>	215
Model Deep Cement Mixing Specification for Hong Kong <i>Sunny TC SO, Leo CY SHU, Linda YW IU, Lawrence KW SHUM</i>	230
Monitoring of Flexible Barrier for Slope Safety Against Potential Rockfall using IoT Sensors <i>Tim CHUK T. Y, Ringo SZE W. H, Mike FUNG S. H, Simon NG P. H, Frankie YEUNG H. W</i>	243
Effects of Curing Temperature and Stress on the Mechanical Behaviour of Cemented Hong Kong Marine Clay <i>K.F. Jiao, C. Zhou</i>	254
Integrated use of GNSS and InSAR Techniques for Movement Monitoring under Trunk Road T2 and Cha Kwo Ling Tunnel <i>Tommy C W Wong, T O Ishola, Stephen T M Mak</i>	263
Adoption of New and Green Construction Materials in the Landslip Prevention and Mitigation Programme <i>Chris C.W, Chan, Rex L.Y. Ip, Jackie C.K. Leung, Terry K.F. Luk</i>	273
Integration of BIM and other Innovative Technologies to Enhance the Sustainable Design of Geotechnical Works <i>Raymond W K Cheng, David C W Mak, Again Q J Wei, Joe J P Yan, Quentin H Q Pan</i>	285
Design and Construction for the First Semi-Cavern Building in Hong Kong – A Case Study in Tseung Kwan O – Lam Tin Tunnel <i>Clayton Y. K. Chan, Billy W. L. Siu, Franklin K. L. To</i>	297
A Strategy to Estimate & Optimise Carbon Footprint for Foundations <i>Tim M T Wong, Charmaine Leung</i>	309
Evaluation of the Performance of GGBS Concrete used in Civil and Geotechnical Works <i>Jack Y. KWOK , Jackie C.K. LEUNG</i>	316
